The 2c/kWh **Demand Side Management (DSM)** Levy was discontinued on 30 June 2018 and the City of Johannesburg from 1 July 2018 introduced a 6c/kWh **Network Surcharge** to adequately provide for refurbishment and maintenance of our aging network as well as for DSM projects.

However, residential tariffs will **not attract the 6c/kWh Network Surcharge** for all consumption equal to or below 500kWh per month.
